Sir,

In continuation of my letter cited, I submit that the Deputy Registrar, Kasaragod has recommended the opening of the two neera parlours, one at Puttur and the other at Kasaragod, the head quarters of the Kasaragod Circle. He has stated that the neera parlours, if opened, would be patronised by the Public and would provide work to some ex-tappers. The Jaggery Manufacturing Cooperative Societies at Puttur and Uduma are willing to run the neera parlours at Puttur and Kasaragod respectively, without any financial aid from Government. The District Prohibition Advisory Council is in favour of the opening of neera parlours at these two places. The Deputy Registrar, Mangalore has reported that the societies which were permitted to run the neera parlours in G.O.Ms.182, Home dated 25-1-1954 are working at a profit and that no abuse has so far been noticed either at the productio centres or at the neera parlours. I therefore request that Government may be pleased to permit the Puttur and Uduma Jaggery Manufacturing Cooperative Society to run neera parlou at Puttur and Kasaragod respectively in the South Kanara District and to permit the sale of neera on the same conditic as are laid down in G.O. Ms.No.182, Home dated 25-1-1954.

Board of Revenue (Excise).

REFERENCE:

At present, neera parlours are working in the following centres of South Kanara District.

1. Kankanady (Mangalore) .. Mangalore Taluk.
2. Kaup ...Udipi Taluk.
3. Coondapur .. Coondapur Taluk.
4. Moodabidri .. Karkal Taluk.

In G.O.Ms.No.1911, Home dated 29-6-54, the Government have permitted opening of three parlours at Koteshwar, Maravanthe and Uppunda of Coondapur Taluk. These parlours have not yet started functioning. In its reference CR.8450-Abk/54 XA1 dated 14-8-54, the Board has recommended to Government opening of 8 new parlours in Udipi Taluk.

Sri Y.Manjayya Shetty has enquired through a Legislative Assembly question (a) how many neera parlours are working in this District, (b) whether the Government have received any representations from the District Advisory Council to open at least six neera parlours in important centres in each Taluk of the District and (c) if so, the action taken by Government thereon. The Board and the Registrar of Co-operative Societies have submitted necessary reply to Government in their references first and second cited so far as question (a) is concerned. As regards questions (b) and (c), the Board submits that the District Advisory Council resolved at its meeting held on 20-6-52 that atleast one neera parlour should be opened in each Taluk. Again in its meeting held on 2-9-53, it has recommended opening of parlours in all Taluk Headquarters. The M.L.As. of the District have been putting in petitions to Government and Board not only for complying with the Council's recommendations but also for opening parlours in various other centres. The facts mentioned in the first para are the results of the action so far taken. There has been so far no recommendations from

pto

the District Advisory Council to the effect that atleast 6 parlours should be opened in each Taluk.'

3. The District Prohibition Officer, the Deputy Registrar of Co-operative Societies and the Collector have recommended unanimously parlours for the following centres.

Gangolli Baindur Basrur	Coondapur Taluk
Hangarkatta Varamballi	Udipi Taluk
Bantwal	Mangalore Taluk.

The Board recommends opening of parlours in the centres noted against Coondapur and Mangalore Taluks by the respective jaggery societies in the area, the required juice being drawn from both palmyra and cocoanut trees. The conditions laid down in para 2 of G.O.Ms.No.182, Home dated 25-1-54 may be made applicable to the proposed parlours. As regards Udipi Taluk, the Board has already recommended to Government 8 Additional parlours. If the Government approves the Board's recommendations, this Taluk will have 9 parlours, the maximum in any one Taluk of the District. The Board considers that the question of opening still more parlours in Udipi Taluk, may be examined after watching for about six months the working of 8 additional parlours.

4. In the Registrar's reference RC.13253/54-X1 dated 24-8-54, a copy of which has been sent for remarks in Government Endorsement No.115058-Pro/54-1, dated 11-9-54, one parlour each for Puthur and Kasaragod Taluks has been recommended. But, the Taluk Prohibition Committees of these two Taluks are reported to have protested strongly and unanimously against the opening of neera parlours. The enquiries made by the Deputy Prohibition Officer Kasaragod have revealed that the tappers in Kasaragod Taluk are not labouring under any hardship on account of any unemployment and also are not in favour of tapping of trees for neera. In the circumstances, the Board does not consider it advisable to open any neera parlour in Kasaragod and Puthur Taluks at present.

The question of opening a parlour in the newly formed Belthangady Taluk is under examination by the Collector.

5. In its meeting held on 31-5-54, the District Advisory Council has recommended tapping of cocoanut trees for sweet toddy for jaggery manufacture in Surathkal and Pavanje villages of Mangalore Taluk. The Collector has, in consultation with the District Prohibition Officer and the Deputy Registrar, supported this request. The Board agrees with him and requests that the Government may be pleased to accord sanction extending the concession to the two villages.

6. In reply to the Government Memo.No.120556-Pro/54-1, dated 15-9-54, the Board submits that this is one of the three Districts (Coimbatore, Malabar and South Kanara) where cocoanut tapping for the purpose of jaggery manufacture is being permitted in areas in which such concession will not hamper Prohibition. This is also the only District where 4 neera parlours are already working and 3 additional parlours have been ordered to be opened in G.O.Ms.No.1911, Home, dated 29-6-54. The proposals made in this reference and those made in the reference of even number dated 14-8-54 involves opening of 12 more parlours.

7. The minutes of the District Advisory Council meeting held on 31-8-54 (copy enclosed) do not mention any proposal to extend cocoanut tapping for jaggery manufacture to coastal villages. The Board requests that the M.L.A. referred to in the Government Memo.may be advised to furnish the names of coastal villages to

contd

which the concession was sought for and not granted so far. In this connection, the Board invites the attention of the Government to G.O.Ms.No.323, Home, dated 8-2-54 wherein the concession was granted to certain coastal villages. While replying to Government Memo.No.97631-SI/53-1, dated 7-8-53, the Board had, in its reference CR.18368-ABk/53 XA1 dated 7-1-54, not recommended the extension of the concession to certain other coastal villages for the reasons given therein.

With reference to para 2 of G.O. Ms 3676 Home dated 13-12-54, the Board submits the following report to Government.

According to the report from the Collector, South Kanara neera parlours are popular only when they are newly opened and the sales of neera are more to satisfy the curisity of the public than as a good beverage. The transactions dwindle after a lapse of time. The Kaup and Mangalore parlours which were selling in the beginning 200 to 300 bottles a day are now able to sell only about 20 to 40 bottles and are thus incurring loss. This is partly attributed to the prohibitive cost of neera and to the anti-propaganda done by hotel keepers against the use of neera. The District Superintendent of Police and the Deputy Registrar of Co-operative Societies are of opinion that the working of the existing parlours should be watched for some more time before new parlours are opened. The Collector also concurs with their opinion.

The Board submits that even though the parlours have not been generally misusing the concession, additional parlours can be opened only if the sales in the present ones are encouraging. Not only the sales are reported to be dividing in the existing parlours but also 3 out of 11 parlours sanctioned in G.O.Ms. No.3081 Home dated 15-10-54 for Kodi, Brahmavar and Sastan in Udipi Taluk have not been opened at all. In the circumstances, the Board considers that there is no need to increase the number of parlours in Udipi Taluk at present.

Subject PROHIBITION- South Kanara District- G.O.Ms.No.3676/dated 13-12-1954-Technical mistakes in the G.O.- Correction- requested

The Government (Home Department) issued G.O.Ms.No. 3676/ dated 13-12-1954 as follows:-

32451

"The Government agree with the Board of Revenue (Excise) and sanction the opening of Neera parlours in the following villages of South Kanara District.

1 Gangolly
2.Baindur
3.Basoor

Coondapoor Taluk.

xxxxxxxxxxxxxxxxx

As per above G.O. Neera parlours are opened at (a) Gangolly (b) Baindur and c. Basoor. But with regard to the location of Baindur Neera Palrour ~~certain to the location of Baidoor Neera Parlour~~, certain technical Objections were raised by the Prohibition officials of South Kanara District contending that as per strict interpretation of the G.O. the said Neera Parlour aught to have been located in Baindur village proper and not in Baindur Town of Yedthore village. While recommending the opening of Neera Parlour at Baindur, by the Dy. Registrar of Cooperative Societies and other officials of S. Kanara their intention was to locate the same in Baindur town in yedthore village within Baindur Panchayat area. But by mistake while issuing the G.O. it is stated as Baindur village. The fact all Government offices located in Baindur Toan are designated as Baindoor officers though those are actually in Yedthore village. Since technical objection is raised by the Prohibition Department officials as stated above, I request you to pass necessary orders amending the above said G.O. by stating as Baindur Town in (Yedthore village) instead of Baindur village.

I request you to kindly issue necessary orders as early as possible.

Thanking you,

Yours faithfully,

The Government have, in their orders G.O.Ms.No.3676 (H ome) dated 13-12-54, sanctioned the opening of a Neera parlour Byndoor village of Coondapur Taluk and the neera parlour was opened accordingly at Byndoor on 14-1-55. It is now brought to my notice that the neera parlour, sanctioned for Baindoor village is actually situated in Yedthare village. Yedthere and Bydnoor are two district but contiguous villages and the bazaar popularly called "Byndoor" forms part of both these villages. In fact a major portion of Byndoor Bazaar forms part of Yedthare village and only a small portion falls in Byndoor village As the Neera parlour is meant for the "Byndoor town" the present site of the Neera parlour in Yedthere village (of byndoor town) may be ordered to be continued to the interest of public, the error being of a technical nature. The District Superintendent of Police, South Kanara who was consulted is also of the view that the parlour may be continued in its present site

A letter has been received from one of our M.L.As. at Coondapoor, South Kanara, requesting that tapping cocoanut trees for manufacturing jaggery and setting up neera parlours on cooperative basis may be permitted in the coastal villages, as it will help to relieve the unemployment problem also. The District Prohibition Advisory Committee is said to have passed several resolutions asking for such permission since 1952. On 31-8-54 the Committee is said to have passed another resolution to the same effect. This matter may be given early consideration.

With reference to the minutes above, please see the report of the Board of Rev. (Exc.) on pp.7-9-c.f. On representations received from Sri S.S.Kolkebail, Sri Y.Manjayya Shetty, Sri T.A.Pa and the various resolutions passed by the Dt.Pro. Advisory Council, S.Kanara, action has been taken in consultation with the Bd. of Rev. (Exc.) and the Registrar of Co-operative Societies to extend the concession of tapping juice for manufacturing jaggery and the opening of neera parlours in the district. Th Board has reported that S.Kanara is one of the three districts (Coimbatore, Malabar and S.Kanara) where cocoanut tapping for the purpose of jaggery manufacture is being permitted in areas in which such concession will not hamper Prohibition. This is also the only district where 4 parlours are already

working and 13 more parolours are ordered to be opened. The note below sets out the existing position and deals with the report of the Board of Rev. on pp.7-9 c.f.

These parlours have not yet started functioning. Again in G.O.Ms.3081, Home dated 15-10-54, the Govt. have issued orders permitting the opening of neera parlours in the following ten villages of Udipi Taluk.

(1) Gangolli
Kaindur.
Basrur. } Coondapur Taluk.

Hangarkatta & Varamballi — Udipi Taluk.

Bantwal. ... Mangalore Taluk

Out of these, the Board has recommended the opening of parlours in the centres noted against Coondapur and Mangalore Taluks by the respective Jaggery manufacturing societies in the area, the required juice being drawn from both palmyra and coooanut trees subject to similar conditions as laid down in G.O.Ms. 182, Home dated 25-1-54. As a result of the order in G.O.Ms.No.3081, Home dated 10-10-54 the Udipi Taluk will have 11 parlour the Board is of the view that the opening of still more parlours may be examined after watching for about six months the working of the 10 additional parlours. For orders whether the Board's view may be accepted.

(3) In his reference R.C.13253/54 XI dated 24-8-54 the Registrar of Co-operative Societies recommended the opening of one parlour each for Puthur and Kasargod Taluks . The Board, whose remarks were called for on the proposal of the Registrar of Co-operative Socieites has reported that the Taluk Prohibition Committees of these two taluks are reported to have protested strongly and unanimously against the opening of neera parlours, and that the Tappers of Kasargod are not labouring under any hardship on account of any unemployment and also are not in favour of tapping of trees for neera. In the circumstances, the Board does not consider it advisable to open any neera parlour in Kasaragod and Puthur Taluks at present. It is also reported that the opening of a parlour in the newly formed Belthangady taluk is under examination by the Collector. For orders whether this Deptt. may agree with the recommendation of

the Board at A on page 3 above

Again in G.O.Ms.No.3081 Home dated 15-10-54 orders have been issued directing the extension of the concession of Tapping of cocoanut trees for sweet toddy for Jaggery manufacture [redacted] to the entire area of Udipi Taluk subject to the condition that the centres selected by the local officers for issue of licences are fairly free from illicit distillation and illicit Jaggery crimes and are also easily accessible to the Prohibition staff.

(2) The Board of Rev.(Exc.) has also referred to the proposal of the Collector (in consultation with the District Prohibition Officer and the Deputy Registrar of Co-operative Societies and according to the resolution of the Dt. Advisory Council [redacted] at its meeting held on 31-5-54) to allow tapping of cocoanut trees for sweet toddy for Jaggery manufacture in Surathkal and Pavanje villages of Mangalore Taluk. The Board has agreed with the Collector and has requested that the Govt. may be pleased to accord sanction extending the concession to the two villages. For orders whether the Board's recommendation may be accepted.

As already stated, S.Kanara district is one of the three districts (Coimbatore, Malabar and S.Kanara) where cocoanut tapping for the purpose of Jaggery manufacture is being permitted in areas where such concession will not hamper the policy of prohibition. It is also the only district where 4 parlours are already working and 13 more parlours are to be opened shortly . Of course, here and there, in the case of few villages which are not easily accessible to the Prohibition staff and where misuse is rampant, the concession has been refused. Besides this, there is a proposal under the active consideration of Govt. to allow the concession of tapping juice for manufacture of Jaggery and opening of neera parlours in all Districts on certain

conditions.

In the circumstances, no further action appears necessary at present. After orders passed on M.N. & O. on pages 3, 4 and above, I.L.C may see before circulation.
